## Environmental Policy Statement

Cogitare is committed to incorporating environmental best practice in our business. To fulfil our commitment, Cogitare will strive to:

- Cultivate environmental responsibility among our stakeholders including employees, contractors, suppliers and clients
- Comply in letter and in spirit with all applicable legal requirements
- Identify the environmental impacts associated with our operations and implement a continuous improvement programme to reduce them
- Organise our operations to minimise our consumption of natural resources
- Manage waste through responsible disposal, reuse or recycling of materials where feasible
- Integrate environmental related factors within our procurement processes
- Monitor and review our objectives and targets to ensure they remain appropriate and achievable
